GitHub: <https://github.com/laibabintatahir>

OBJECTIVE

I specialize in designing and developing efficient, scalable, and high-performance software solutions for a wide range of platforms, ensuring seamless functionality and user satisfaction.

EDUCATION

COMSATS University Islamabad, Abbottabad Campus
Software engineering

Abbottabad, Pakistan
Sept 2021 – Jul 2025

F.G girls inter college, Abbottabad
Pre-engineering

Abbottabad, Pakistan
Sept 2019 – Jul 2021

FINAL YEAR PROJECT

AI-based learning for accessible quality education
Sep 2024 – July 2025

PROJECTS

E-commerce Website design

Developed the user interface of an existing e-commerce platform, resulting in a 20% increase in user engagement. Implemented responsive design and improved accessibility, enhancing the website's usability across various devices.

Personal Portfolio Website

Designed and developed a personal portfolio website to showcase projects, skills, and resume. Implemented a smooth scroll feature using JavaScript for improved navigation between sections

CO-CURRICULAR ACTIVITIES
